(Asst. Pofessor CE Dept)

**Date:** 12<sup>th</sup> May,2023

**Time:** 9am onwards

**Venue:** Sparsha Trust,  
Mathikere

The Department of Computer Engineering in association with **Tech Forge Club** conducted an event called “**A Day of Giving**”

**Event Description:** A social service-based event aimed at fostering meaningful interactions between our members and children from a local orphanage. This event aims to create a positive impact on the lives of these children by providing them with a day filled with love, laughter, and support. Six students from our club have visited the orphanage and spent quality time there.

We started the interaction with Icebreaker Activities: asked the children to introduce themselves and tell rhymes. Then we asked them about their interests such as hobbies, ambition, etc. We also asked them to perform and showcase their skills in what they are best at like singing and dancing.

This event allowed us to have a memorable experience that nurtures meaningful relationships and fosters a sense of belonging and support for these children who deserve a brighter future.
